

Copythorne Parish Council Meeting – April 12th 2022

Item No 10 – Update on a Community Transport Leaflet for Copythorne Parish

Introduction

At the last Parish Meeting, I mentioned that I was having trouble turning my A4 draft Community Transport leaflet into an A5 version suitable for printing. With a view to producing a leaflet, it was agreed that we would ask TLC to take a look - with a view to producing a suitable leaflet.

Results

Please see attached the proposed leaflet. As you can see its produced as double sided A5, but folded for distribution into A6.

The proposal is that copies of the leaflet will be made available at all the outlets that normally take our Parish Newsletter. Details of how to obtain a copy will be included in our newsletter and it will of course also be available to view (or print) on our website

Turning to the print run, I propose that we don't print copies for distribution to all parish households, rather just sufficient for the outlets and for councillors to have some available if asked by parishioners for personal copies. 500 sounds about right to me at a cost of around £60 if printed A5 folded to A6 on 170gsm silk, full colour (or circa £100 if printed A5 Flat/Creased to A6 printed on 300gsm coated, full colour

Recommendations

1. Approve the A5 community transport leaflet folded to A6
2. A print run of 500 copies, which will be enough for distribution through our usual outlets and for councillors to hold to enable parishioners to be given their own copies as required.
3. Add the leaflet to our website and include an article in the Parish Council Newsletter.
4. Regularly revisit the leaflet information to ensure its as up to date as possible.

Cllr. Graham Chillcott
March 29th 2022

Some transport including scheduled bus services are available to all, whereas others like the mini bus are only available to people with mobility and sensory difficulties.

Web address and or phone numbers are also shown to enable users to obtain more details about each of the services available.
