

COPYTHORNE PARISH COUNCIL MEETING – APRIL 12TH 2022

Item 11 - To receive a Climate Emergency updating report

The launch of Phase 1 of the Greening Campaign on the 11th March went very well with approximately 60 attendees.

Following the launch, the challenge cards were delivered by 20 volunteers to all houses and businesses in the Parish, as well as to all pupils at both Copythorne and Bartley School.

Once we know how many people participated in the challenge, Terena Plowright from the Greening Campaign will calculate the CO₂ and £ savings the community has made. The results will be celebrated and shared amongst our community

We have now received information packs for Phase 2 of the campaign:-

Retrofitting, Rewilding and Well-being

Cllr. Jackie Rhodes
