

COPYTHORNE PARISH COUNCIL MEETING – JUNE 14TH 2022

Item 9 - To receive a Climate Emergency updating report

Greening Copythorne

Greening Copythorne has now completed the Engagement Phase and now moves on to Phase Two.

Phase Two involves working together in our community to protect our local environment, retrofit our homes, and support human health. From here we have the building blocks for a sustainable community.

Next steps

The stall at the Parish Jubilee Event acted as our public meeting for this phase – inviting people to share ideas on ways to move forward.

The launch of Phase 2 is planned for the evening of Thursday 14th July in the Parish Hall. This will be an evening where ideas will be shared and people will be able to discuss in more details how to take things forward

.

Recommendations:

From the £500 included within the 2022/23 Parish Council Budget:-

1. Approve £50 spend on the hire of the Parish Hall for the launch on the 14th July 2022 including refreshments.
2. Approve £50 spend towards activities relating to this launch event.

Cllr. Jackie Rhodes
30th May 2022
