

Parish Council Discussion Forum

NFNPA Planning Application – 22/00498 Land East of New Inn Road, Bartley, SO40 2LR

**Tuesday September 27th 2022, 7.30pm to 9.30pm
(Main room, Copythorne Parish Hall, Pollards Moor Road)**

A "Discussion Forum" has been arranged to enable residents of the Parish to share their thoughts on the above planning application with the members of the Parish Council.

It is hoped that the forum will inform the consideration, by members of the Parish Council, of a response to the application which they will discuss at the Parish Council meeting on Tuesday October 11th 2022.

How the forum will work

Those attending the forum will be invited individually to speak for a period of up to three minutes on an aspect of the application that they wish to draw to the attention of the Parish Council. The issue will be noted.

At the end of the three minutes another member of the public will be invited to raise a different aspect.

If time allows within the two-hour forum then some of the issues raised can be re-visited for additional fresh comments to be added.

The list of issues will then be published by the Parish Council on its website (www.copythorne.org.uk).

Any questions that arise which it is felt might be able to be answered by the New Forest National Park Authority (the relevant Local Planning Authority for the application) or English Rural Housing Association (the applicant) will be sent to them. Any responses will again be added to the Parish Council Website.

Please note that the forum isn't intended to be a discussion on the merits or otherwise of Affordable Housing in general. It is solely related to the specific application submitted.

It is important to note that this Forum Discussion will not be a formally constituted meeting of the Parish Council.

DAVID RIGBY

Clerk to Copythorne Parish Council

September 20th 2022
