

COPYTHORNE PARISH COUNCIL MEETING – TUESDAY FEBRUARY 14TH 2023

Item 17 - Correspondence & Clerks Report

1. Affordable Housing in the Parish

As at February 7th 2023 the planning application for Hazlemere (22/00190) had not been determined. I am advised by the NFNPA Case Officer that *"The applicant is seeking to address the issues (identified) so has been given the opportunity to do so."* and that there is currently no timeframe for this.

As at February 7th 2023 the planning application for Land to the East of New Inn Rd (22/00498) has not yet been determined. The NFNPA Case Officer has received comments from the HCC Flood & Water Management Team ("F&WMT") regarding the applicants proposed method for dealing with surface water drainage and whether it would be suitable. The applicant has been asked by the F&WMT to provide further evidence.

2. Pollards Moor Road – Rising Main Repair work update

Since the last Parish Council meeting on January 10th 2023 Southern Water's contractors have completed the "overland pipe" which runs the entire length of Pollards Moor Road. Foul water is now passing through this pipe and entering the rising main again just outside the Parish Hall. The completion of this pipe has meant that the tankering operation has ended and the four way traffic lights have been removed. Pollards Moor Road is still closed to through traffic just north of Soffe's Timber yard. On February 7th 2023 I was advised by the Southern Water site manager that a meeting is due to be held with their contractors to agree on the best method to use for the long term repair to the rising main. Included within the contract will be work to repair/replace the culvert that goes under the road near to where the break took place just after Christmas.
